BARBIE: Today IS huge! Not only are we going into outer space, but we're visiting my friend at the International Space Station! I'm excited, not only because I'll be traveling at 17,000 miles per hour, but because I haven't seen my friend in like, forever. I really miss her, and I bet she misses me.

Have you ever had a friend move away?

> **YES**:
> **BARBIE**: You have? Then you know how I'm feeling. I'm glad that you're here. *{FriendMoved == true}*
>
> **NO**:
> **BARBIE**: You haven't? That's okay. I'm just happy you're here to help on our trip. *{FriendMoved == false}*

BARBIE: And here we go! Woo-whoooo!

BARBIE Great! That's all that we needed.
SFX: (Barbie presses a series of buttons and switches)
